

# CHARGES FOR A TOTAL ELECTRIC PROJECT

## **Purpose**

To provide an incentive for total electric residential construction; thus, stimulating the residential total electric housing market within Kansas City, Kansas.

## **Program**

In accordance with the BPU Residential Development Underground Service Policy, New Construction Single- and Multi-family Dwellings, Policy Number 02-002-001, Section 2.01, Subsection a, BPU will waive customer charges for underground service at the cost of \$150.00 per lot for a single-family through duplex home, or \$50.00 per unit for multi-family homes, if the project is of electric heat design.
