ATTORNEY FOR SIERRA CLUB

**KANSAS CITY, KANSAS BOARD OF PUBLIC UTILITIES
RATE HEARING**

SIERRA CLUB'S PETITION TO INTERVENE

Sierra Club hereby notices its intention to intervene in the 2023 Kansas City, Kansas Board of Public Utilities rate increase hearing. Sierra Club respectfully requests the right to participate fully in this proceeding as a party.

Sierra Club represents its own interests as an environmental organization and that of its Kansas members who are utility customers of the Kansas City, Kansas Board of Public Utilities. One such member is Ty Gorman.

Sierra Club has not yet determined its position(s) on the proposed rate increase. Sierra Club intends to review BPU Staff's pre-filed written testimony when it is available, engage in discovery, and develop its position upon receipt of BPU Staff's responses. Sierra Club therefore respectfully requests leave to develop its position(s) as this rate hearing proceeding develops. In the alternative, Sierra Club states that the development of its position(s) will involve studying revenue requirement issues related to electric generation and offering recommendations to the Board of Public Utilities to cost-effectively improve its electric service in an environmentally sustainable fashion.
